The Terra Debacle

Prisoners at Area 51

by Marcha Fox

About the Book

In May 1978 a rogue UFO lands at Hill AFB in Ogden, Utah. NASA astrobiologist, Gabe Greenley, is called in to investigate a strange plant found onboard, which has been taken to Area 51. The plant, a flora peda telepathis, is not only mobile, but telepathic and highly intelligent. Greenley's security oaths eventually result in an ethical dilemma with treasonous and deadly implications.

About the Author

Marcha Fox is an avid science fiction fan and author with over 20 years' experience at NASA's Johnson Space Center in Houston, Texas. Inspired by science fiction to pursue a physics degree and career in a technical field, she hopes to instill the same fascination in young readers by including scientific principles in her stories, while providing older ones with classic hard science fiction.
